All Celsi® Labels have an adhesive back

\* Higher quantity discounts on request

All Celsi® are encapsulated: the thermosensitive white disc is sandwiched between the adhesive layer on the bottom and the printed foil on the top. The labels are therefore sealed against humidity and water

CelsiStrip®, CelsiClock®, Jumbo-CelsiDot® and Micro-CelsiPoint® are also available on less expensive reels

Customized products on request

CelsiDot® and CelsiPoint® are available on reels with 1200 labels.
